

PartyPlug^{Pro}TM NATURAL

Filter earplugs for music lovers with extremely natural attenuation

Package contents

- Two universal earplugs with acoustic flat filters
- Alpine storage pouch
- Handy cord
- Alpine Clean cleaning spray (5 ml)

Perfect earplugs for a night out

At a concert or festival visitors especially want to enjoy the music. But without hearing protection you can often spend only up to a quarter of an hour in a noisy environment, without risking permanent hearing damage. However, many music lovers prefer to take this risk than to have a minimal distortion of the music by wearing hearing protection. With the new Alpine PartyPlug ProTM, you don't have to make this choice anymore!

Natural attenuation

The Alpine PartyPlug ProTM Natural earplugs have special linear AlpineAcousticFiltersTM. This means that they attenuate virtually the same at all frequencies. For the music lover, the music quality must always remain perfect. With the Alpine PartyPlug ProTM Natural only the harmful noise is reduced to a safe level. It is as if the volume control has been turned down. Thanks to the AlpineAcousticFiltersTM the music lover also doesn't suffer from an isolated feeling, and conversations remain audible.

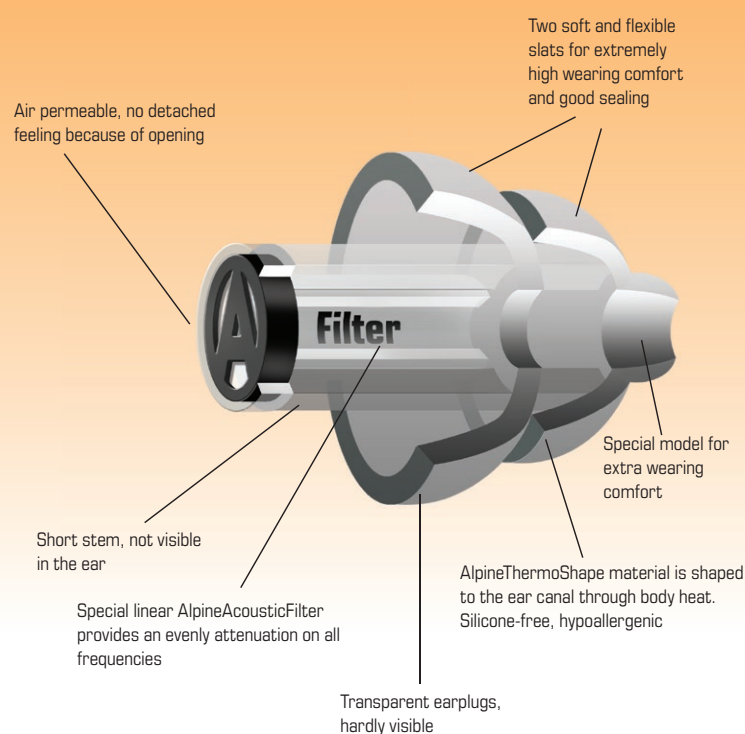

Enjoy music more with good earplugs

Alpine PartyPlug ProTM Natural earplugs are specially developed for use during festivals, concerts and going out. The earplugs are made of soft and flexible AlpineThermoShapeTM material. This forms to the ear canal for optimal fit and attenuation. The earplugs can be worn the whole day and night without any problem. The material contains no silicones. As a result, they don't itch or irritate the sensitive skin of the ears. Alpine earplugs are easy to clean and are durable.

With free cleaning spray, cord and pouch

The Alpine PartyPlug ProTM Natural comes with a handy pouch to keep the earplugs in as standard. The pouch is also easy to attach to a keyring. In addition, every pack contains a carrying cord. Attach the earplugs to the cord and hang it around the neck. Ideal if the earplugs are taken out for a moment. The earplugs are quick and easy to clean with the included Alpine Clean cleaning spray (5 ml).

PartyPlug^{Pro} NATURAL

ATTENUATION DATA Alpine PartyPlug Pro Natural Tested according to EN 352-2: 2002

Winner Red Dot Design Award

Alpine Hearing Protection has won a Red Dot Award (2015) for the design of the PartyPlug. The jury of this prestigious design price applauded the "high quality and the innovative ability" of the earplugs. The Red Dot Award is considered to be the most valuable award for excellent design. In addition, it is the biggest design competition in the world.

Dutch Design

Alpine hearing protectors are quality products from The Netherlands.

Alpine Hearing Protection – Consistently innovative

Alpine Nederland B.V. was founded in 1995 and is one of few manufacturers in the world with hearing protection as its core business. We are continuously working on improving our products, in collaboration with end users. Alpine earplugs are sold across the globe in over 40 countries. All Alpine products have been officially tested by independent inspection bodies, and have the CE certification.
